SENATOR MARVEL: Mr. President, members of the legislature, When we....several legislators went into the Governors office the other day to talk about flood control and the question was posed to him, if you will tell us what you want in an emergency fund we will appropriate it. We will do all we can to cooperate with you for the protection of the general citizenary and a.. in this particular area. Now Senator Proud received a letter and I guess I better read it and then we will put it in the record so there is no question about it (read letter). This letter is dated May 16, 1973. The purpose of this amendment is to reappropriate the unexpended balance together with what is appropriated should equal what the Governor wants in his emergency fund so I move the adoption of the amendment.

PRESIDENT: Senator Marvel.

SENATOR MARVEL: This would set up a new fund under refund and distributive funds called the personal property tax relief fund. All it does is designate the funds so that money can be put in that a fund and if you have any technical questions, I'm sure that Senator Burbach will be glad to answer them. I checked with him on this because he was gone when this was given to me and he is in agreement. That is all that this does is to set up personal property tax relief fund, and I Senator Burbach, would you like to make a comment.

PRESIDENT: Senator Burbach.

SENATOR BURBACH: Mr. President, members of the legislature there is not a great deal of discussion here, this is the act of last year a that this fund now be recognized as such and set up and then this money is placed in this fund. It is necessary to have this amendment at this time.

SENATOR MARVEL: I move for the adoption of the amendment.
